

PET COLLECTION 2026

Life, better together.

Little essentials.
More moments with them.

For the walks, the meals and the everyday rituals that make them part of the family.

EVERYDAY CARE.
SHARED ADVENTURES.

For the everyday kind of love.

The familiar sound of the lead. A pause for water. The bowl waiting at home. Life with a pet is built from small moments.

KILIEN brings a practical, considered approach to the accessories around those moments: useful shapes, gentle colours and details that fit into daily life.

Find your fit: a practical selection guide on page 18.

The right fit makes the difference.

A few details to check before choosing an accessory.

01

Start with your pet.

For bowls and drinking cups, compare the opening and depth with your pet's muzzle and usual feeding position. A compact format may not suit a larger dog.

02

Match the moment.

Think about how long you are usually outside and how much food or water you need to carry. Capacity and folded size answer different questions.

03

Check the details.

Compare dimensions, materials and the product photos. Before ordering, confirm the colour, format and availability of your chosen item.

Everyday care

Clean and dry accessories after use. Check them regularly for wear and supervise your pet with toys.

More walks.
More little rituals.
More life together.

Find your everyday essentials.
